Scholar Leader Awards to 2 8th Grade Nottingham School Students

Steve Soreff, MD and *the Knightly News*

Nottingham School congratulates two 8th Grade Students, Cole Magdziarz and Kelli Daniel as this year's recipients of the Scholar Leader Awards. It is sponsored by the New Hampshire Association for Middle Level Education ([NHAMLE](#)) and the New England League of Middle Schools ([NELMS](#)). Both are regional middle school organizations. An awards ceremony was held virtually to honor two students from each middle school in the state. These two students had been nominated by Nottingham School staff for each's exhibiting qualities of leadership and an attitude toward learning, service to the school, and others as well as being positive role models in the school. Although Kelli and Cole were Nottingham School's top choice to receive these awards, the competition was steep. Congratulations to these two outstanding students.
