[Eli](#) is a country singer/songwriter from New Hampshire. Being related to Gene, music was in his blood. Here are the titles of some of his songs: *Rainy Night in Memphis*; *I've Got a Truck*; *Back to the Basics*; *Pickups Rock*; *You're My Church* and *The Devil's Daughter*.

As Rec Director Kortney Dorow Duball, said "This year, the Summer Concert Series is going to be awesome!!! Bring the family for FREE live music, great company, and so much more! There will be yard games, firepits set up for smores, refreshments, and build your own Floral Bouquets! Donations will be accepted to sustain this event. Make sure you stop by the Rec booth to check out what's happening, purchase a Concert Junkie T-shirt, and more! Do you have lots of flowers and feel like sharing?? We are accepting flower donations on the Monday prior to the concert evenings. You can drop off any donations at the Rec Office, located at the Town Hall." Don't forget to bring your chairs. See you there 😊
